### **DETAILED ACTION**

1. The following action is taken in view of the amendment filed 12/20/05.

#### ***Allowable Subject Matter***

2. Claims 1-20 are allowed.
3. The following is an examiner's statement of reasons for allowance: The reasons for allowance of claims 1 and 10 were provided in the office action mailed 3/24/05. Claim 16 sets forth an apparatus including an actuator, a memory and a shared state controller used to determine a controller state, selects a first controller from a plurality of controllers based on whether a position error signal running average exceeds a predetermined threshold, receives constants for the first controller from the memory and generates an output to the actuator. This combination of limitations is neither taught by nor an obvious variation of the art of record.

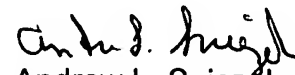

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
